Genocide is an internationally recognized crime where acts are committed with the intent to destroy, **in whole or in part, a national, ethnic, racial, or religious group.** These acts fall into five categories Killing members of the group.

- Causing serious bodily or mental harm to members of the group.
- Deliberately inflicting on the group conditions of life calculated to bring about its physical destruction in whole or in part Imposing measures intended to prevent births within the group.
- Forcibly transferring children of the group to another group.
- There are a number of other serious, violent crimes that do not fall under the specific definition of genocide. They include crimes against humanity, war crimes, ethnic cleansing, and mass killing.

⁴ The Statute of the INTERNATIONAL CRIMINAL COURT provides for several crimes against humanity and they have in common the theme that **the conduct was committed as part of a widespread or systematic attack directed against a civilian population and the perpetrator knew that the conduct was part of or intended the conduct to be part of a widespread or systematic attack against a civilian population.** The crimes are: Crime of **murder**; Crime of **extermination**; Crime of **enslavement**; Crime of deportation or forcible transfer of population; Crime of **imprisonment** or other severe **deprivation of physical liberty**; Crime of **torture**; Crime of rape or sexual slavery; Crime of enforced prostitution; Crime of forced pregnancy; Crime against humanity of **enforced sterilization**; Crime against humanity of sexual violence; Crime against humanity of **persecution**; Crime of **enforced disappearance of persons**; Crime of apartheid; and a final miscellaneous category, Crime of other inhumane acts; Crime of persecution against any identifiable group or collectively on political, racial, national, ethnic, cultural, religious, gender or **other grounds universally recognized as impermissible under international law.** The distinction between crimes against humanity and war crimes is retained in the Statute of the International Criminal Court (ICC). <https://legal-dictionary.thefreedictionary.com/Crimes+against+humanity>.

Many public observations were made about the spraying at night of biochemical substances, ⁵ in the air above residential suburbs and a sudden “Covid” outbreak.

⁵ Air contamination by private scientific companies/government inject poisons into the atmosphere by the trails of jet planes for mind control, human population control, and biological warfare, that is they are causing respiratory and other health problems.

This includes barium, cadmium, nickel, mould spores, yellow fungal mycotoxins, **aluminium as a hot-fire agent** and the best — radioactive thorium. The one chemical that is being sprayed the most is aluminium. It can cause all sorts of health problems. The chemical primarily attacks the central nervous system and can cause everything from disturbed sleep, nervousness, memory loss, headaches and emotional instability. Long ago a large group of people follow these celestial activities, sampling of these traces according to the findings of some private laboratories, they are different biologically and pathogens, microorganisms and certain metals such as salts of barium and aluminium particles of micron size. So far in these chemical traces found the following agents: **(1)** Pseudomonas Aeruginosa - bacteria that mostly affects the human respiratory system; **(2)** Pseudomonas fluorescens - causes blood infections and respiratory disease; **(3)** Serratia marcescens - pneumonia, brain inflammation, inflammation of heart muscle; **(4)** Mycoplasma fermentes incognitus - types of pathogens that are assumed to be bio - inzhenerirani in U.S. military laboratories, and which was found in 45% of U.S. soldiers suffering from so-called Gulf syndrome; **(5)** Streptomyces and other fungi; **(6)** Some types of yeast; **(7)** Certain bacteria that contain specific enzymes that are able to alter human gene; **(8)** barium salts; **(9)** Aluminium - particles of micron size (it is interesting that people who suffer from Alchajmerova disease have a greater amount of aluminium in the brain); **(10)** Ethylene dibromide (dibromoethane) C2H4Br2 - carcinogenic fuel additive and insecticide smell of chloroform; cause depression of the CNS, pulmonary edema and irritates the lining of the respiratory tract - it seems that it is the cause of the characteristic cough ("kemtrejl cough") that occurs in humans after spraying certain areas; **(11)** Dehydrated human red and white blood cells (erythrocytes and leukocytes); **(12)** Fibrous filaments (task to the designated microorganisms found in the chemical mixture to provide a living to reach the ground because in normal atmospheric conditions it would be destroyed. Areas so that the spraying can find similar fibrous threads of the cobweb which are very toxic); **(13)** Viruses and prionite (Plague – A Chemical

As with the other variants in the Omicron family, vaccines are less effective against BA.2 than against previous variants like Alpha or the original strain of coronavirus, and protection declines over time. However, according to UK Health Security Agency data, protection is restored by a booster jab, particularly for preventing hospitalisation and death.

Top symptoms: According to the chart, here are the top 14 symptoms for the omicron variant. The report included the percent of people who reported having the symptom.

Runny nose — 73%; Headache — 68%; Fatigue — 64%; Sneezing — 60%; Sore throat — 60%; Persistent cough — 44%; Hoarse voice — 36%; Chills or shivers — 30%; Fever — 29%; Dizziness — 28%; Brain fog — 24%; Muscle pains — 23%; Loss of smell — 19%; Chest pain — 19%.

How to stop symptoms: Dr. Robert Quigley, the senior vice president and global medical director for International SOS, a leading medical and security services company, told me in an interview that omicron variant symptoms “may be difficult or impossible to stop.” “For those who may experience headaches, a sore throat or a fever you can hydrate and take headache and over-the-counter cold medications to help reduce the symptoms,” he said.

Note: Since time and remembrance the symptoms listed was flu symptoms known to almost every person, who at one or more time contracted flu. The notion or advocacy that it is unique to the so-called coronaviruses is TRITE, IT WAS LIKE THAT SINCE TIME AND REMEMBRANCE.

substance that is killing humans) not officially confirmed. However, shortly after spraying a lot of people in the affected areas are sick during a survey of various respiratory diseases and influenza-like illness. All this is accompanied by increased mortality in the elderly and children. Also, in the population occurs a general lethargy and other symptoms of diseases of the nervous system.

It was noted that the areas that are regularly sprayed become dry and cited many to conclude that there are about climate modification. But it seems that the drought is causing one of the side effects of chemical traces.

Delta - in India, where it was first identified in October 2020.

Eta - turned up in 72 countries including Nigeria and the UK, where it was first detected in December 2020.

Iota - first identified in New York City, USA, in November 2020.

Kappa - First documented in India in October 2020.

Lambda - First identified in Peru in December 2020.

*Note: As per the question “How many coronavirus variants are there?” with the answer revealed above, which is also TRITE. From school level knowledge it is so obvious that for the flu virus to exist, it has to have as part of its structure (memory) the ability to mutate into other variants. If not, it would have been eliminated by natural “herd” immunity many centuries ago. A logical answer would have been an untold number. The only reason these were listed is because of the “bullshit baffles’ brains” principle employed, to hide the Laboratory enhancements as biochemical weapons, to force the really deadly poison into the population via a vaccine that has no other function. **Due to the capability and speed of mutations of the flu virus (corona virus) there can be no uniform vaccine. The Scamdemic Plan has named them by name for future release (physical or Phycological Operations), which proof manmade virus infections storerooms, together with media plans to back-up the plan if the rollout fails. As per the example from Reference 09 (listed below) of the same publication the following is evident; -***

- *On record no senior scientist of the CDC could not confirm the isolation of the corona virus.*
- *The President of South Africa as primary responsible person of the COVID19 Management in South Africa, could not show any tangible evidence of the so called COVID19 virus, when summons to court to produce evidence of the claimed existence of the virus, found in South Africa. It should then follow logically, that the reference to the discovery of the Beta variant in South Africa is TRITE. See also paragraph 5.2.6. The reference 09 and the effectiveness of the virus is also built on untruth. (Falsus in uno – falsus omnibus)*
- *It also indicates that on the balance of probabilities, that the President of South Africa and the COVID19 SCAMDEMIC Management team, is podium players, where politics (known worldwide as active disguised thievery) partake in **the biggest CRIMINAL HOAX EVER, being played on humanity worldwide.** Refer to paragraph [5.6](i); [5.1.3]; [5.1.5] to [5.1.7]; [5.2.1] to [5.2.7]; [5.3.1] to [5.3.5]; [5.4.1] to [5.4.5] to [5.4.7]; [5.5.1] to [5.5.6]; [5.6] (p) & (r) & (s) & (t) & (u) & (v); [6] and [8.4]*
- *The mere fact that a list of future variants exists, proof the presence of the designed and manufactured presence of chemical flu/colds as biochemical weapons. It should also be noted that the poisons distributed via the*

Chemtrail induces similar symptoms, as the listed coronavirus symptoms above; and so do 5G radiation.

- It is also known that Pfizer has committed fraud on seven of the eight listed criteria, to gain approval for emergency application of their vaccine, that proof to be a poison. Also read paragraph [5.2.1] to [5.2.6]; [5.3.1] to [5.3.5]; [5.4.1] to [5.4.7].
- It is also factual that deliberate wrong medical protocols are enforced alongside the biggest CRIMINAL HOAX EVER, with sole purpose as to divide the scientific communities on appropriate steps to be taken, as well as the proper identification of the threat facing humanity. Refer to paragraph [5.6] (a) to (v) & (i) to (xii) and [8.4].

[5.1.1] Omikron Biochemical

<https://www.telegraph.co.uk/global-health/science-and-disease/israels-rise-covid-deaths-important-lesson-uk-vaccines/> By Paul Nuki, GLOBAL HEALTH SECURITY EDITOR, LONDON 5 February 2022 • 5:40pm. “On Friday the Israeli ministry of health issued an alert warning that the data being displayed on global dashboards was giving a “false picture of reality” regarding the daily number of deaths in Israel.” Israel's rise in Covid deaths: why it's happening, and the lessons for the UK. There are several reasons for omicron's effect on one of the world's most highly vaccinated countries. Israel is a vaccine star of the pandemic. It rolled out its initial jabs with great speed this time last year amid the deadly alpha wave. It saw off delta in the summer by pioneering booster shots. And, **as omicron hit**, it made fourth doses available to medics and the elderly.

[5.1.2] “Aluminium adjuvants (which are present in many vaccines) cause behavioural abnormalities, abnormal weight gain, learning and memory impairment, motor neuron death/apoptosis, neuromuscular strength deficits, chronic microglial activation/brain inflammation and large increases in brain and spinal cord aluminium content. These adverse effects occur at dosages less than or approximately equal to dosages received by infants according to the CDC vaccine schedule.” – Informed Consent Action Network - <https://www.icandecide.org/wp-content/uploads/2019/09/ICAN-AluminumAdjuvant-Autism-2.pdf> & <https://truthcomestolight.com/brain-control-nanoparticles-should-there-be-a-warning-label/>

[5.1.3] **“The true mortality rate of Corona virus is less than one in 100,000, or \leq 0.001%, which is even 10 times less than the whistle blowers explain why they died. NB** Therefore, it was not the Corona/COVID-19 virus that killed them. Professor Püschel concludes strongly that we have absolutely no reason to fear that the virus will kill us. The average age of the Corona/ COVID-19 deaths that Professor Püschel did autopsies on was 80 years old, and they all had one or more severe diseases that could explain why they died. Therefore, it was not the Corona/COVID-19 virus that killed them. Prof Püschel concludes strongly, that we have absolutely no reason to fear that the virus will kill us.” -- Søren Ventegodt, MD, Copenhagen, Denmark. (*The current ratio in the UK is 9:1 vaccinated versus unvaccinated*)

The OPCW, with its 193 member states, has its seat in The Hague, Netherlands; it oversees the global endeavour for the permanent and verifiable elimination of chemical weapons.

[5.1.6] **Video Broadcasted on US TV - approximately 23rd February 1956 (Verbatim) – Proof of advance planned intent.**

“The future certainly looks bright, but it isn’t without its darker sides. According to some predictions, obesity will likely run rampant and political corruption will become so common place, as to be accepted. People with nothing entertaining or informative to say will broadcast their demands for attention, and once beloved performer will become pushers of snake oil. Perhaps worst of all, will be the emergence of a deadly and potentially devastating disease. Think of the last time that you contracted influenza. You were likely bedridden for days, having no

appetite or desire to play games. Experts predicts that by the year 2020, a new virus will rise, spreading from somewhere in Asia to the rest of the World. And with International travel being available to even the most common citizen, a sickness that would have been contained in years past, will quickly spread to all corners of the globe.”

Note: *The COVID-19 PLANDEMIC was by design orchestrated at least 74 years in advance as part of the international Criminal Cabal, active in financing of wars, addictive medicines through pharmaceutical companies with human genocide & democide as neurological linguistic programs!*

[5.1.7] Zoom Meeting video of President Cyril M. Ramaphosa (ANC Government) portion (verbatim) (Proof of knowledge of required impact to be achieved)

“We want to find a way of ramping this up, even beyond the end of the lockdown; and I don’t know when the lockdown will end. Uuuh, some people are saying the 16th of April. But when we announced it, I didn’t say what year it will end. Laughing!!!”

The above illustrated and proved the “political” buying-in to continue the abhorrent scam until such a large portion of the population are being vaccinated, to establish/force electronic control over each person’s body linked to a tyrannical credit system of control.

Designed to harm, not protect, flu/covid jabs are all about social control and depopulation on an unparalleled scale. Jabs, double-jabs, and boosters accelerate the process. Yet on Thursday, Bennett regime run Israel became the first nation to push triple-jabbing for people over age-60 — because of rising outbreaks caused by over 60% of its population double-jabbed. Nations with the greatest percent of their people jabbed are experiencing the highest number of outbreaks.

[5.3.3] **The Purpose of The Kissinger Report**

The primary purpose of U.S. government (Deep State) population control efforts is to maintain access to the mineral resources of less-developed countries, or LDCs. The Kissinger Report states:

- a). The U.S. economy will require large and increasing amounts of minerals from abroad, especially from less developed countries. That fact gives the U.S. enhanced interest in the political, economic, and social stability of the supplying countries. Wherever a lessening of population pressures through reduced birth rates can increase the prospects for such stability, population policy becomes relevant to resource supplies and to the economic interests of the United States.
- b). According to The Kissinger Report, elements of the implementation of government population control programs could include:
- the legalization of abortion;
 - financial incentives for countries to increase their abortion, sterilization and contraception-use rates;
 - indoctrination of children; and
 - mandatory population control and coercion of other forms, such as withholding disaster and food aid unless an LDC implements population control programs.
- c). The Kissinger Report (Deep State) also specifically declared that the United States was to cover up government population control activities and avoid charges of imperialism by inducing the United Nations and various non-governmental organizations—specifically the Pathfinder Fund, the International Planned Parenthood Foundation (IPPF) and the Population Council—to do its dirty work.
- d). **Massive Human Rights Violations**
- The document has directly and inevitably encouraged atrocities on an enormous scale in dozens of the world's nations. Just four examples are shown below. For many years, the United States (Deep State) government funded the United Nations Population Fund (UNFPA). In April 2017, the Trump Administration finally took the step of ending UNFPA funding.

Depopulation Through Forced Vaccination: The Zero Carbon Solution!

children. It also shatters their illusions that they're part of an organisation which is far from beneficial to those they believe they're protecting from illness.

However, their hypocritical oath should compel them to investigate such wild claims put out by pharmaceutical giants and their drug dealer sales representatives instead of taking the word of an industry well known as being utterly corrupt and ruthless in its business practices.

The Irish hemorrhagic scandal, where patients were knowingly infected with HIV through contaminated blood products should be enough to convince anyone of Big Pharma's malicious intent.

This brings us to the real reasons for vaccinations. I'm not even going to prove to readers that they don't work. I'll simply urge you to look up the historical record. One simple example is the demise of measles.

The measles death rate had declined by 98% from 1915-1958 prior to any vaccination being introduced. In 1988 and 1989, 69% and 89% for measles cases in American school-aged children had been vaccinated! In 1995 58% of ALL measles cases in America were vaccinated.

These figures come from medical journals.

Those 3 simple examples PROVE that unvaccinated children are less likely to contract measles and that the vaccine...

So now I'm making a formal recommendation according to the database:

- 1) **36 000.00 People have died from vaccines in Europe now.**
- 2) **25 000.00 died in the U.S. including hundreds of athletes.**
- 3) **There is more data in the U.S. cancer deaths are increasing after vaccination.**
- 4) **I think the best examples are countries that have not vaccinated or stopped vaccinating. Their pandemic ended a long time ago.**
- 5) Another good example is India.
- 6) **Last but not least, Mandatory vaccination is illegal.** As mentioned earlier this vaccine is just under emergency use authorisation now. That is, **these vaccinations should only be used when there are no other effective treatments available**
- 7) There are now hundreds of scientific publications. For example, in India and other countries there are other effective treatments. The most important thing is that this vaccine is still in the Phase 3 clinical trial. **In international treaties, including the Nuremberg Code it is completely forbidden to force people to take experimental products.** So, **Congressmen who vote for compulsory**

injection of experimental products can be prosecuted in criminal courts and the International Court of Justice for seriously harming human life.

- 8) Since we are talking about Children, I want to end here: quite a few children have died from vaccines. **The reality Now is that more people die from vaccines than from the virus.** No one dies from the virus now. A 17-year-old girl and a 20-year-old girl around me died 8 days after being vaccinated, and have never seen a myocardial infarction at the age of 20 in my medical career. Another girl died of a pulmonary embolism.
- 9) Here, I ask you to suspend the administration of these vaccines they are not real vaccines because they are not proven by years of real scientific experiments. When we have a clear result in a few years we can then evaluate them again. Thank you all.

The current statistics confirms a ratio of 9 to 1 of vaccinated people that die in comparison to unvaccinated people. NB!!!

AT&T and Verizon are scheduled to deploy new 5G service this Wednesday but the CEOs of Delta Airlines, United Airlines, FedEx, UPS and others have sent a letter to the Biden administration warning that C-band 5G radiation disrupts airplane instruments that could make “huge swaths” of the US fleet unusable, by causing the nation’s large airports to be under 5G-related flight restrictions from the Federal Aviation Administration (FAA), because these frequencies interfere with sensitive airplane instruments, such as altimeters and can significantly hamper landing the aircraft, which is the most crucial and dangerous part of any flight.

Electrosmog Warnings from Scientists for Over 40 Years

Respected scientists, researchers, doctors, and activists have been — for over forty years — warning us about the dangers of wireless radiation and electromagnetic fields. In 1977, the reporter Paul Brodeur published a book called The Zapping of America; in 1985, the late Dr. Robert O. Becker (twice nominated for the Nobel Prize

in Medicine for his work on cellular dedifferentiation and re-differentiation in the healing process) wrote *The Body Electric*, and later published *Cross Currents: The Perils of Electropollution, The Promise of Electromedicine* in 1990; in 1995 (and again later in 2007), B. Blake Levitt, author and researcher, published *Electromagnetic Fields: A Consumer's Guide to the Issues and How to Protect Ourselves*. Since then, there have been a slew of other books and documentary movies put out on the subject. And the list goes on and on.

<https://www.electricsense.com/5g-coronavirus/>

“Evidence for a connection between coronavirus disease-19 and exposure to radiofrequency radiation from wireless communications including 5G. Coronavirus disease (COVID-19) public health policy has focused on the severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2) virus and its effects on human health while environmental factors have been largely ignored. In considering the epidemiological triad (agent-host-environment) applicable to all disease, we investigated a possible environmental factor in the COVID-19 pandemic: **ambient radiofrequency radiation from wireless communication systems including microwaves and millimetre waves. SARS-CoV-2, the virus that caused the COVID-19 pandemic, surfaced in Wuhan, China shortly after the implementation of city-wide (fifth generation [5G] of wireless communications radiation [WCR]), and rapidly spread globally, initially demonstrating a statistical correlation to international communities with recently established 5G networks.**” <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC8580522/>

Mechanisms of Geomagnetic Field Influence on Gene Expression Using Influenza as a Model System: Basics of Physical Epidemiology. “Recent studies demonstrate distinct changes in gene expression in cells exposed to a weak magnetic field (MF). Mechanisms of this phenomenon are not understood yet. We propose that proteins of the Cryptochrome family (CRY) are “epigenetic sensors” of the MF fluctuations, i.e., magnetic field-sensitive part of the epigenetic controlling mechanism. It was shown that CRY represses activity of the major circadian transcriptional complex CLOCK/BMAL1. At the same time, function of CRY, is apparently highly responsive to weak MF because of radical pairs that periodically arise in the functionally active site of CRY and mediate the radical pair mechanism of magnetoreception. It is known that the circadian complex influences function of every organ and tissue, including modulation of both NF- κ B- and glucocorticoids-dependent signalling pathways. Thus, MFs and solar cycles-dependent geomagnetic field fluctuations are capable of altering expression of genes related to function of NF- κ B, hormones and other biological regulators. **Notably, NF- κ B, along with its significant role in immune response, also participates in differential regulation of influenza virus RNA synthesis.** Presented data suggests that in the case of

global application (example—geomagnetic field), MF-mediated regulation may have epidemiological and other consequences.”

Types of Chemical Agents.

Organisation for the Prohibition of Chemical Weapons

Blood agents

These agents mainly inhibit the ability of cells to use oxygen, effectively causing the body to suffocate. Some blood agents may also affect the ability of blood cells to transfer oxygen. Blood agents are distributed via the blood and generally enter the body through inhalation.

Example agents: **Hydrogen cyanide (AC)**; Cyanogen chloride (CK); Arsine (SA)

Dispersion - Gas

Mode of Action - Absorption through lungs and skin; inhibits the Cytochrome C Oxidase enzyme

Effects - Cells' ability to use oxygen is impaired, leading to damage to vital organs including those of the central nervous system, cardiovascular system and respiratory system

3. **Development of 5G in the Nordic region**

Prime minister Stefan Löfven did invite prime minister colleagues Erna Solberg from Norway, Lars Løkke Rasmussen from Denmark, Juha Sipilä from Finland and Katrín Jakobsdóttir from Iceland to an annual informal Prime Minister meeting. Sweden is chairing Nordic co-operation this year and Prime Minister Stefan Löfven will host the meeting, which was held on 22–23 May in Örnsköldsvik in Sweden.

During the meeting the prime ministers did discuss the implementation of 5G and entered into a new in-depth collaboration on 5G. Their letter of intent clearly reveals their intentions regarding 5G and how

The Swedish prime minister Stefan Löfven stated that “*the Nordic region is one of the world's most innovative regions. The development of 5G is on the rise and the Nordic region must be at the forefront of that development. It creates jobs and prosperity in our countries*”.

In the letter of intent one can read the following:

The Nordic region is one of the most innovative and digitalised regions in the world. With our mature digital infrastructure, high level of digital skills and ambitious national strategies for digital transformation in the public and private sectors, we have the potential to take a leading role in the next leap for wireless communications. The importance of 5G was acknowledged in the Nordic-Baltic ministerial declaration Digital North that was adopted in 2017.

As the development of fifth generation wireless systems (5G) breaks through, the Nordic countries will be at the forefront of that development to become world leaders in using 5G technology for the development and digitalisation of all sectors of society.

The deployment of 5G will require substantial investments as well as the appropriate regulatory framework. At political level, we commit to creating the conditions in the public sector for digitalisation and 5G to flourish. As Nordic prime ministers, we have agreed to the common vision of being the first and most integrated 5G region in the world. We want to create a common Nordic 5G space.

To achieve this goal, we will cooperate closely to set up a common action plan for early adoption of 5G technology across the Nordic region.

The action plan will:

- Encourage the development of new testing facilities, including test beds;
- Ensure the technical coordination of 5G frequency bands within the region;
- Remove obstacles to expansion of the 5G network, in particular deployment of base stations and antennas; and
- Encourage and monitor the development of 5G, specifically for certain sectors:
 - o Transport
 - Sustainable and climate-efficient transport solutions
 - Transport systems and connected vehicles
 - Remote-controlled airborne services ('drones')
 - o Mission critical communications
 - Emergency services
 - Law enforcement

o Advanced automation in the manufacturing industry

- Augmented reality for employees
- Interconnected factories
- Robust and low latency communications, e.g. for robot control o Energy, environment, agriculture and aquaculture
- Energy saving measures, smart grids, power management
- Increased yield in food production
- Detailed monitoring.

The development of 5G will be monitored and followed up by the Nordic Council of Ministers, facilitating implementation in cooperation with the Nordic governments, national digital authorities, and stakeholders from the ICT and telecom industries.

We ask the Nordic digitalisation ministers to take the lead in following up this declaration with the aim of ensuring that the Nordic region becomes the first and best interconnected 5G region in the world.

INSURRECTION

The *Virology Journal* – the official publication of Dr. Fauci's National Institutes of Health – published what is now a blockbuster article on August 22, 2005, under the heading – get ready for this – “Chloroquine is a potent inhibitor of SARS coronavirus infection and spread.” (Emphasis mine throughout.) Write the researchers, “We report...that chloroquine has strong antiviral effects on SARS-CoV infection of primate cells. These inhibitory effects are observed when the cells are treated with the drug either before or after exposure to the virus, suggesting both prophylactic and therapeutic advantage.”

This means, of course, that Dr. Fauci has known for 15 years that chloroquine and its even milder derivative hydroxychloroquine (HCQ) will not only treat a current case of coronavirus (“therapeutic”) but prevent future cases (“prophylactic”). So HCQ functions as both a cure and a vaccine. In other words, it's a wonder drug for coronavirus. Said Dr. Fauci's NIH in 2005, “concentrations of 10 µM completely abolished SARS-CoV infection.” Fauci's researchers add, “chloroquine can effectively reduce the establishment of infection and spread of SARS-CoV.”

We report, however, that chloroquine has strong antiviral effects on SARS-CoV infection of primate cells. These inhibitory effects are observed when the cells are treated with the drug either before or after exposure to the virus, suggesting both prophylactic and therapeutic advantage.

Chloroquine is effective in preventing the spread of SARS CoV in cell culture.

In this research, we show that 5G millimeter waves could be absorbed by dermatologic cells acting like antennas, transferred to other cells and play the main role in producing Coronaviruses in biological cells. DNA is built from charged electrons and atoms and has an inductor-like structure. This structure could be divided into linear, toroid and round inductors. Inductors interact with external electromagnetic waves, move and produce some extra waves within the cells. The shapes of these waves are similar to shapes of hexagonal and pentagonal bases of their DNA source. These waves produce some holes in liquids within the nucleus. To fill these holes, some extra hexagonal and pentagonal bases are produced. These bases could join to each other and form virus-like structures such as Coronavirus. To produce these viruses within a cell, it is necessary that the wavelength of external waves be shorter than the size of the cell. Thus 5G millimeter waves could be good candidates for applying in constructing virus-like structures such as Coronaviruses (COVID-19) within cells.

1952 H.A.A.R.P. “Dr Jose M. R. Delgado, M.D., has researched the human brain and published his results in professional papers since 1952. He found that by inducing electrical current in the brain of his subject, he could manipulate behaviour. Delgado discovered that he could create a number of effects from sleep to highly agitated states of consciousness. His later work was done wirelessly, with his most advanced efforts developed without electrode implants used at all.

Co-author of Angels Don't Play This HAARP; Advances in Tesla Technology, Dr. Nick Begich explains HAARP, as Mind Control and Weather Manipulation. The secret electromagnetic warfare capabilities/objectives “are to forward the US military's stated design goal, of a complete and full-spectrum dominance by 2020, which comprises of high-level government crime. Begich discussed with Marris H.A.A.R.P. being a geophysical weather/mind control weapon for the ultimate covert war, not to mention the ultimate invasion of privacy.

During a 1998 World Foundation for Natural Sciences conference in Interlaken Switzerland, Dr. Begich reported that; “One can envision the development of

electromagnetic energy sources, the output of which can be pulsed, shaped, and focused, **that can couple with the human body in a fashion that will allow one to prevent voluntary muscular movements, control emotions [and thus behaviour], produce sleep, transmit suggestions, interfere with both short-term and long-term memory, produce an experience set, and delete an experience set.”**

v). Rollout of 5G Communication network. (1)They rolled out 5G communication network in Wuhan and **switch on the network on 1st October 2019** - and then the people got sick and died *from radio radiation*. There does not exist a virus or a bacteria infection, that allow people to walk upright while appearing to be normal, then let them fall over and die of multiple organ disfunctions. However, television stations owned by the same group who manufacture the 5G network as an gatecrasher/infiltrator/communication medium in sympathy with injecting the poisons as a 'vaccine' into the bodies of people, told everybody it was was a virus and they made it believable so that people would not be thinking/questioning about the 5G radiation. **(2)**While everybody was in lockdown for a weak virus (1 IN 100 000 dies from it), the false narrative was pushed & coordinated by the real big scammers from the WEF, they rolled out even more 5G towers and networks at excelerated speeds, and even more people got sick. **(3)**Some people did know about the 5G, but even with written communication warning the authorities about the dangers, the warnings were ignored by the Governments/Corporations. This was because the Governments/Corporations benefitted all the way, having at their disposal this mighty propaganda machine controlled by the WEF, applying censorship/barring/ sanitization to all alternatives of knowledge/thoughts/views in order to bombard the unsuspecting people with a false fear-driven narrative of a deadly virus, while more and more 5G towers were installed around the clock to make even more people sick. **(4)**According to the French Military Elon

Musk, a demented person, is launching each week several low orbiting satellites which will irradiate (flood/saturate) the Earth with 5G radiation with a target of 42 000 (fourty two thousand) satellites. This coverage will ensure that each square centimeter on earth will be monitored and radiated, killing untold number of insects (polinators) birds, plants, and mammals which evidence is visible to the person who is not blind by choice. This mentality cripples the spirit whenever it is demonstrated, not only leaving undescrivable destruction behind, but also a quenching stench of the soul. What is even more alarming, is that he has obtained authorisation to install one-and-a-half million ground stations (terrestrial antennas) in the U.S. alone, that will connect the satellites through electromagnetic fields, and can be manipulated for many effects, including those that may appear real and/or spritual. In addition it creates a download channel of frequencies similar to the human mind that can download instructions into each person directly without an ability to counter such action. Refer to **(1952 H.A.A.R.P.)** ⁷ above and the scientific confirmation of control (primarily to force obedience and extermination if required for control purposes) that can be exerted upon the human population of earth. intended to end. **Refer to the “COVID-19 Strategic Preparedness and Response Program and Proposed 25 Project under Phase 1 using the multiphase Programmatic Approach – Report No. PCBASIC0219761 with end date 25 March 2025.”** The social distancing cannot assist anything, except for assisting the 5G Network with identification & calibration, to identify each person individually by remote sensing, assisted by the DNA samples retrieved from the people tested, with the PCR testing, who they knew will present at approximately 95% false positives⁸; all this, just to drive the false fear narrative motivating people to test and, in so doing, release without consent or knowledge their DNA for identification purposes. **This identification stolen from the people are to be used for control over them with the “digital currency” as credits which can be blocked if the person does not comply with the criminal gangs’ whims** and for termination through 5G networks capable of tracking the person with his DNA identification via the 5G Network sensors. **(6)** Now the people are so deep down the rabbit hole, confused with nobody on public forums that really knows what is going on, but in the city of Wuhan they turned on the 5G much higher than any perceivable safety limit, causing the people to literally drop dead like the 5G-fitted soccer stadiums. **The “Huawei 5G Systems” can be switched remotely to pulsating radiation during the night, sending out deadly pulses so severe that people wake up during the night with skin rashes, headaches, nausea, irritability, dizziness, joint pain associated with movement difficulty, etc. up to thirteen times the perceived safety limit, sold as COVID19 symptoms through media and Government.** **The aforesaid demonstrate a deliberate co-ordinated international conspiracy installing equipment unsafe for use in public areas against all safety laws to exterminate people.** **The effect of the aforesaid is extremely dangerous as demonstrated by the comparative study of the same patient’s blood before and after 10 minutes of radiation at 2.45 GHz at a “safe level” of radiation.** **(7)** This has a definite impact on the environment because while everybody was locked down, the telecom workers were working around the clock, which was pretty strange but noticed by many. Of course it keeps getting worse; not only is the 5G making people sick, but it is also heating up the atmosphere because these 5G towers, 4G towers work a microwave oven, with more cell towers because all this radiation is just bouncing around into the atmosphere and back again and it is turning the whole planet into a giant microwave oven.

CEO & Medical Director – MA, MB, FRCPC, FCAP

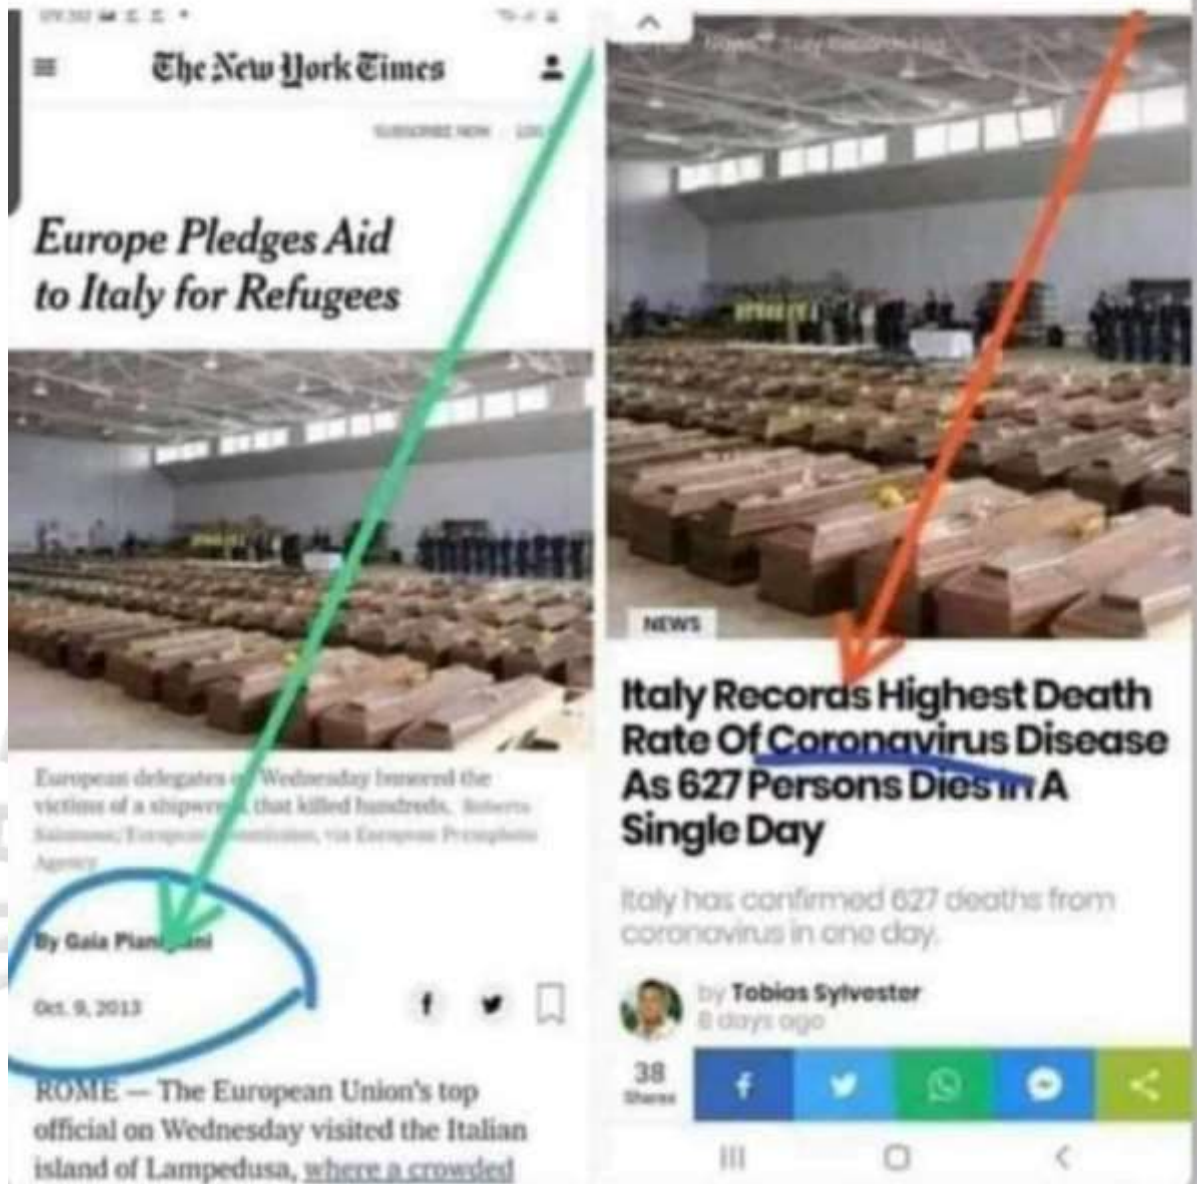

“Dr Hodkinson is the CEO of Western Medical Assessments, and has been the Company’s Medical Director for over 20 years. He received his general medical degrees from Cambridge University in the UK, and then became a Royal College certified pathologist in Canada (FRCPC) following a residency in Vancouver, BC. **THE GREATEST HOAX EVER PERPETRATED ON AN UNSUSPECTING PUBLIC** - Dr. Roger Hodkinson-COVID19 Hoax. <https://www.bitchute.com/video/KxjSXZYwaSjc/> & Dr. Roger Hodkinson Addresses The Edmonton Council Chambers - <https://youtu.be/yUU45WD6RXY>

“Mr Chairman, this is Dr Hodkinson, I just want to know that I’m standing by. ([Aaron Paquette] Oh okay, well we would love to hear from you, the floor is yours.) Thank you very much. I do appreciate the opportunity to address you on this very important matter. It is counter narrative and so that you can understand where I’m coming from so don’t immediately think I am a quack, I’m going to briefly outline my credentials so in terms of knowledgebase in all of this. I’m a medical specialist in pathology which includes virology. I trained in Cambridge University in the UK, I’M the ex-president of the pathology section of the Medical Association, I was previously an assistant professor in the faculty of Medicine doing a lot of teaching, I was chairman of the Royal Collage of Physicians of Canada’s Examination Committee of Pathology in Attowa, but more to the point, I am currently the chairman of a Biotechnology company in Northern Carolina selling the COVID19 TESTS, and I might, as you might say, I know a little about this. **The bottom line is simply this, there is utterly unfounded public hysteria driven by the media and politicians.** It’s outrages, this is the biggest hoax ever perpetrated on the unsuspecting public. **There is absolutely nothing that can be done to contain this virus other than protecting older more vulnerable people.** It should be thought of nothing more than a bad flu season, this is not EBOLA, it’s not SARS!!! **It is politics playing medicine and that’s a very dangerous game.** **There is no action of any kind needed other than what has happened last year when we got, I felt un-well, we stayed home, we took chicken noodle soup, we didn’t visit granny, and we decided when we would return to work. We didn’t have anyone, need anyone to tell us. Masks are utterly useless, there is no evidence base for their effectiveness whatsoever.** Paper masks and fabric masks are simply virtue signalling...they are not even worn effectively most of the time. It is absolutely ridiculous, seeing this unfortunate, uneducated people, and I am saying that in purchasers’ sense, seeing these people walking around like lemmings, obeying without any knowledge base to put the masks on their

face. Social distancing is also useless because... because COVID is spread by aerosols which travel 30 meter or so before landing. Enclosure have such terrible unintended consequences, they should you... everywhere should be open tomorrow as was stated in the Great Barrington Declaration, that I circulated prior to this meeting. And a word on testing. I do want to emphasise that I'm in the business for testing for COVID. I do want to emphasise that positive test result do not, underline the neon(marketing) mean a clinical infection, it simply driving public hysteria, and all testing should stop!!, unless you presenting to hospital with some respiratory problem. **All that should be done is to protect the vulnerable and to give them all, in the nursing homes that is under your control, give them all three- to five thousand international units of Vitamin D every day... which has been shown to radically reduce the likelihood of an infection.** And I would remind you all, that using the province's own statistics, the risk of death under 65 in this province is 1 in 300 000 thousand, 1 in 300 000 thousand, you've got to get a grip on this. The scale of the response, that you're undertaking, with no evidence for it, is utterly ridiculous, giving the consequences of acting in a way that you're proposing.”

[7] **We deny that proper notice is taken from other Government's action against the Scamdemic.**

[7.1] **The UK government admits that vaccines have damaged the natural immune system of those who have been double-vaccinated.** The UK government has admitted that once you have been double-vaccinated, you will never again be able to acquire full natural immunity to Covid variants - or possibly any other virus. So let's watch the "real" pandemic begin now! In its Week 42 "COVID-19 Vaccine Surveillance Report", the UK Department of Health admits on page 23 that "N antibody levels appear to be lower in people who become infected after two doses of vaccination". It goes on to say that this drop in antibodies is essentially permanent. What does this mean? We know that vaccines do not prevent infection or transmission of the virus (indeed, the report elsewhere shows that vaccinated adults are now much more likely to be infected than unvaccinated ones). The British now find that the vaccine interferes with the body's ability to make antibodies after infection not only against the spike protein but also against other parts of the virus. In particular, vaccinated people do not appear to form antibodies against the nucleocapsid protein, the envelope of the virus, which is a crucial part of the response in unvaccinated people. In the long term, the vaccinated are far more susceptible to any mutations in the spike protein, even if they have already been infected and cured once or more. The unvaccinated, on the other hand, will gain lasting, if not permanent, immunity to all strains of the alleged virus after being naturally infected with it even once.

The first insurance companies are backing down because a huge wave of claims is coming their way. Anthony Fauci confirms that the PCR test cannot detect live viruses. Anthony Fauci confirms that neither the antigen test nor the PCR test can tell us whether someone is contagious or not!!! This invalidates all the foundations of the so-called pandemic. The PCR test was the only indication of a pandemic. Without PCR-TEST no pandemic for all the press workers, doctors, lawyers, prosecutors etc. THIS is the final key, the ultimate proof that the measures must all be lifted immediately must be PLEASE SHARE." From the conduct displayed, it is abundantly clear that the people in Parliament who ought to possess the cognisance and comprehension to make laws, fail to grasp that the making of law is in fact entrusted to the plebs. **Therefore, it is ordered that all laws passed, will be reviewed by the International Constitutional Tribunal for World Peace and the people(plebs) where it belongs.**

In the meantime, however, the anti-corona measures have caused, and continue to cause, such devastating damage to the world population's health and economy that the crimes committed by Messrs. [11] **Mitigating and Aggravating Circumstances.**

As seen from the many disclosures relating to the meticulous planning over decades to ultimately harm the human population of the world, with active breeches of all conventions, oaths and international Laws only aggravating circumstances are visible from base principles of law of which the following come to mind; -

- It is the duty of the artisan to practice his trade proficiently, incompetency is considered as neglect (*imperitia culpa adnumeratur*), and
- The artisan guarantees his expertise and incompetence is viewed as neglect (*spondet peritiam artis et imperitia culpa adnumeratur*)
- **The falsely proclaimed authority to make laws, to enter treaties, etc. as part of executive authority without the explicit beneficitation to the public, is a total misconception. “A law is a general command enacted by the people or the plebs on the proposal of a magistrate” (lex est generale iussum populi aut plebis rogante magistratu) which is part of this order with a support base of more than 80% from the population of South Africa. Therefore “The Post State of National Disaster Regulations”, as an attempt to sidestep legitimate authority and accountability is Null and Void!!! You have no authority!!!**
